

4-5-13

What all of the
US now requires
a US river embankment?

c.e. US FO

not: Heavy

Japan

South Korea

(except for

NIK river)

not ME

(not formal!)

US -
So - NEU should not

encourage any of them to
organize river!

US - China ICBMs

reduce SCBM
workloads to
risk of reduced
R level & the ~~workload~~

Risk of triggering

US vs R DMS
is a civil war.

humanity

(i.e. "posture")

As - India, SK - NK

war = civil or human
(+ animals)

is a further stage

(near-end of
war?)

NAD dangerous?
"would federation"?

End form of
ONs, "end

war results,
inadequately, increasingly
major of 1956-58

(new or subject
expense, even if some "reasons"

(In a world with
DNs & mid-DNs,
any FU is a
crime

Threat of
FU is, resembling
conventional attack
(Fed, Sov, NK (then...))
(or small 2d-use
vs. use attack,
large or small)
is not clearly a crime
no absol or univ N/FU

4-1-13

Demo MVM

4 700 SCBU,

make us begin →

→ or less right?

at what risk

to attain?

How far down ^{+ more stable} control
we get Response?

(How?) China?

less false alarm from.
